## Giving is Important

Nov 07 2022

We are inundated with investment and financial planning articles we should also be focusing on giving and the benefits of that.

This year our office supported 2 initiatives that we want to highlight.

1.

We were again the title sponsor for the **Teen Challenge Women's Golf Tournament** in August. Teen Challenge does wonderful with women (and men) who overcome substance abuse addictions.

More info about this great charity can be found at <https://www.teenchallenge.ca/> [1]

2.

Helped support the **North of 60 project** through the Society of St. Vincent de Paul. One of our great clients is active in this charity and the North of 60 initiative aids northern native communities only accessible by plane or by ship making food, clothing and household goods very expensive.

By next year the Society of St. Vincent de Paul would like to purchase a shipping container, fill it with goods and ship it to Sanirajak which is way up in the Northwestern Passage in Nunavut.

Further information can be found at <https://ssvp.ca/special-projects/north-of-60/> [2]

Charitable Giving is an excellent way to help deserving charities fund projects important to you and also offer a tax credit benefit as well.
